Chris, I want to talk with you about the project now that we have shared the sampling issues with the contractor. Are you in the office this afternoon?

Please provide a copy of the Interim Measures Work Plan and future corrective action submittals (like the RFI Addendum Report) to John Cook with KDHE/BER. He is the corrective action project manager for the state (Akhter Hossain, KDHE/BWM is the PM for permit related issues). I am hoping to brief KDHE/BER on this project sometime next week.
